St, John

3:16 For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life.

3:17 For God sent not his Son into the world to condemn the world; but that the world through him might be saved.

3:18 He that believeth on him is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God.

Luke

11:2-4 And he said unto them, When ye pray, say, Our Father which art in heaven, Hallowed be thy name. Thy kingdom come. Thy will be done, as in heaven, so in earth. Give us day by day our daily bread. And forgive us our sins; for we also forgive every one that is indebted to us. And lead us not into temptation; but deliver us from evil.

(For Thine is the kingdom, the power and the glory forever and ever.)

[BELL's Book~MARK INDEX Pages for Books & Sections \(BellsBookMarkIndex.pdf\)](#)

BBMI files require no registration and may be provided to others in their unmodified form.

If you have any serious problems or suggestions for improvement - please give us a call at 404.856.9427

Here are a few basics:

Old Testament Book numbers are 1-39 and New Testament Books are 40-66.

Miscellaneous Sections are labeled with a Capital letter because locations vary in different Bibles.

A=Apocrypha, **T**=Table of Contents, **M**=Maps & graphics, **P**=Photographs, **N**=Notes, **C**=Concordance

Implementing the Current Concept is Simple and Easy!

- It requires rubber-stamping the appropriate book number on the top right corner of each right-hand page.
- It is important to make sure the location chosen for the stamped numbers - does not conflict with other text printed on the pages.
- If you are pleased with the location, set aside one to two hours to finish the project.
- Stamp every right-side page of each book with the correct number for each book.
- Go slowly at first and try to stamp the numbers in the very same space.
- Find a clear space in which to place the inkpad close to the top of the right hand page -- in order to minimize your movements.

Printing and Trimming

Your effort is required to print and trim.

Be sure your printer is set to print in Landscape mode with Full Size Printing.

Print a test page of the 4-BookMarkers on one page.

Use the dark black guidelines if they are included on a page.

Note: More than one page may be trimmed at a time,

if you have a paper cutter, the blade is sharp, you hold the pages firmly so they do not slip and you are very careful.

Installing BELL's Book~Mark INDEX Pages in Your Bible

1. We only recommend installing the 6 Sectional pages and other INDEX pages for books that you frequently read.
For example, use the INDEX Page for Matthew to separate the Old and New Testaments.
2. An excellent place to install the **Table of Contents** page is inside the top cover of the Bible where it is easily referenced.
3. Insert the left side of a BBMI at the beginning of the appropriate Section or Book as close to the spine or binder of the Bible as possible.
4. Turn to the appropriate Section or Book listed at the top of the Index page you are about to insert.
5. Turn the Bible 90-degrees counter-clockwise to the left; and insert the page as close to the spine as possible.
6. Align the dark line underneath the BBMI Title with the top of the Bible page.
Note: The BBMI Index page Book Title line may be elevated slightly and positioned such that the TITLE and BOOK number are above the Bible pages. Use the line underneath the large print title of book and align with the top of the Bible page.
7. **WARNING: Use of any glue is at your own risk! Do Not Use permanent type glues!**
Before using glue on any Bible page, be sure to test on a non-critical page for several days.
Then very **carefully** and **slowly** peel the left side of the page from top to bottom.
If all goes well, then you can apply the Restickable glue to other pages.
8. **We have only tested 3-M's Scotch Restickable Glue Stick, 0.20 Oz. Item # 550665 \$ 1.33/ea.**
Using the Post-It type adhesive glue stick, we applied a light coat of 1/8" to 1/4" on the left edge of an INDEX or SECTIONAL Page.
9. Each BBMI INDEX Page is identical except for the Elevated Book Header Line.
So if a Pastor or Teacher does not include a Book number, the user can reference any Marker or Index page; and quickly find the Book number.
Example: You could say to a group, congregation or fellow students,
"Please turn in your Bibles to Philippians, Book 50, Chapter 4, Verse 4."
BBMI users can thumb through the pages, scanning only for **50**, the Stamped Book Number located at the top-right corner of the right-hand pages.

Thank you,
